How To Get Your Ex Back

Do you want to get your ex back? Believe it or not, it's not that hard to do. Not if you know what to do, and just as importantly, what *not* to do.

I'll be the first to admit, it doesn't work all the time. If anyone tells you they can guarantee that your lover will come back to you, turn around and run. No one can make such a guarantee because of human free will. All of us, including your ex, are free to do as we wish.

So it would be irresponsible for me to suggest my ideas and methods work 100% of the time.

Even with all of that, there is still a very good chance that you can get back together with your lost love.

You see, as humans, we have tendencies. For every action we take in a relationship, there is a common reaction by our beloved, and vice-versa. For every behavior we exhibit, there is a common counter-behavior exhibited by our ex.

Once you know the pattern of human emotion, and how we act and react on these emotions, you can begin to understand your relationship on a much better level. You can see things before they happen, which is a HUGE advantage. You can avoid trouble before it happens. And if you're too late and there is trouble in your relationship, you can resolve any problems almost effortlessly.

How I Got *My* Ex Back

Some years ago, my good friend Kim showed me how all of this works. Sean, my fiancé at the time, told me he had been seeing another woman and he ended our engagement. Kim taught me not only how to get him back, but to have *him pleading with me* to take him back. And that's just how it happened.

She taught me so much about relationship behavior and how to use it to your advantage. Mind you, we're not talking about using trickery or magic here. She taught me a simple, yet highly effective system to get him back, all of which is based on common human behavior and sound relationship principles.

At first I didn't believe it would work, but as I saw the process unfold, I knew it was going to work. It lifted a huge weight off of my shoulders to know that I would be getting my ex back.

After a short time, Sean did break up with this other woman, and begged me to take him back. But you know, I had learned so much about myself during this whole process that I knew I didn't want to go down that road again.

To make a long story short, I've used this method again and again over the years. Before I got married to my husband Mark, I used this system for my own relationships. And I've been fortunate enough to help many other couples reunite as well. I've tweaked it here and there and perfected it over time. I've even given it a name – The Lover R.E.T.U.R.N. System.

What Is The Lover R.E.T.U.R.N. System?

Simply put, the Lover R.E.T.U.R.N. System is a simple, step-by-step blueprint to easily bring back the love of your life.

This is a potent 6-step system designed to take you from break up to makeup.

Step 1 - Resist...

...As in resist making mistakes. Before we go any further we need to stop the bleeding by stop making the relationships that sabotage any chances of getting back together.

If you're reading this then you've probably already subscribed to The Biggest Breakup Mistakes, my free 10-part mini ecourse. If you would like to subscribe, you can do so at [Win Back Love](#).

All that we do going forward will be for nothing if we continue to make crucial mistakes.

I won't go into detail here on all the mistakes, but if you've made them, they will kill your relationship if you don't correct them.

Step 2 - End

Put an end to the relationship dynamic as it currently stands. In order to reunite with your beloved, the dynamic *must* change.

In other words, the environment your relationship is in right now likely isn't conducive to reconciliation with your ex.

Imagine the moment in time where you and your ex are getting back together. Typically when people get back together, there are hugs, kisses, perhaps even lovemaking. There may be tears. It's a very loving time.

Now think of where your relationship stands currently. Is the environment similar to that from the previous paragraph? Is there contention in your relationship? Mistrust? Is your ex seeing someone new? Are you and your ex on speaking terms?

Step 2 is designed to begin the change the dynamic of your relationship and lead it towards that loving place where you can get back together with your beloved.

When all else fails, Step 2 introduces a concept designed to get your love to think of you consistently, even when you are not around.

Step 3 - Thrive

Step 3 is all about you. Specifically, it's about you thriving.

Do you think of your ex constantly? Do you feel anxiety wondering if you and your ex will ever get back together?

Step 3 is designed to alleviate these issues. You'll still love your ex. You'll still want to get back together. But you'll begin to feel peace within yourself. You'll gain a quiet confidence in yourself and in your relationship with your ex as you see this plan unfolding.

This step is designed to make you feel your best while turning up the heat on your ex. Just be careful - you may like it so much you change your mind about getting back together!

Step 4 – Unveil

This is the payoff step! Everything you've done up until this point pays off here.

Among the exciting things unveiled in this step...

1. How to get your ex to contact you!
2. The Secret Broadcast Technique
3. The Face Saver Technique
4. The best ways to contact your ex
5. The rules of contact which keep you headed towards getting back together.
6. Going from "I" to "We"
7. The Me First Technique
8. The Re-Attractor Technique

I'll even show you how to get your beloved to do what you want them to do without you having to say a word!

Step 5 – Reunite!!!!

This is everyone's favorite step, for obvious reasons.

Step 5 reveals not only how to reunite, but how to do so in a way that resolves previous problems.

You want to avoid a breakup cycle and it's crucial that you take steps to make sure you do not breakup again.

In fact, you want to set the framework for a relationship much better than what you may have experienced before. You'll form a new bond with your soul mate.

Step 6 – Nurture...

...As in nurture your relationship.

It would be real easy to quit at Step 5, now that you have your lost love back. But I really encourage you to read and commit to this step, as it will pay dividends for years to come.

You will strengthen your bond so that it cannot be broken. No longer will you feel like you are the only one giving to the relationship. You will give and receive equally. This is the harmonious, rewarding relationship you've always dreamed of.
